

## AGAINST GOLD NOTES

Bill to This Effect Introduced by Senator Butler.

## ANOTHER CURAN RESOLUTION.

Proposition That Warships Be Sent to Havana to Protect American Citizens-Dupont Election Case-Ocean Mail Subsidies.

WASHINGTON, D. C., April 1.-A bill was introduced by Mr. Butler (Democrat) of North Carolina, in the Senate today, and referred to the Finance Committee, providing that payment of notes, bills, checks, etc., shall be in legal-tender money, irrespective of any stipulation in the contract. He explained that his object was to stop gold mortgages and gold notes. It did not affect existing contracts. A committee on conference bill, and Senators Cullum, Teller, and Call were appointed conference on the part of the Senate. A resolution offered by Mr. Call for an inquiry by the Committee on Public Lands as to the patenting of unsurveyed lands in Florida was also before the Senate and referred to the Committee on Public Lands.

Mr. Call introduced a joint resolution, relating to the "Continental violations of the laws and rules of war in Cuba; the inhuman and brutal outrages on men, women, and children, and directing that such a naval force of the United States shall be immediately sent to Cuba as shall be sufficient to protect, by force, if necessary, citizens of the United States in Cuba from wrong, and from the violation of treaty obligations; also requesting the President to communicate this resolution to the Government of Spain, and to inform that government that the United States will forcibly intervene to protect the rights of American citizens, and in the interest of civilization, if the outrages, or the shooting, or putting to death of prisoners of war."

The Senate resumed consideration of the Delaware election case, and Mr. George continued his speech, begun yesterday, against the rights of Mr. Dupont to the vacant seat.

The resolution was laid on the table. Without finishing his argument, Mr. George, after speaking for three hours and a half, yielded the floor, with the remark that he had something more to say on "this very interesting subject."

Mr. Peffer renewed the notice that he would at the conclusion of Mr. George's speech, ask the Senate to take up the resolution for an inquiry into the facts and circumstances of recent bond issues.

MAIL SUBSIDIES. The post-office appropriation bill was taken up, the question being on amendment reported by the Appropriations Committee, allowing \$50,000 additional compensation to the Oceanic Steamship Company, for carrying the mails from San Francisco to New Zealand and New South Wales.

Mr. Vilas (Democrat), of Wisconsin, argued against the amendment. In the course of a colloquy as to the subsidies paid by England to mail-steamship companies, Mr. Perkins (Republican), of California, declared that, as an American citizen, he felt as if he should be against American shipping as against English shipping. England, France, and Russia had, last year, said, given \$100,000 in postal subsidies; but his friend from Wisconsin, excepting the postage.

At the suggestion of Mr. Allison, chairman of the Committee on Appropriations, the amendment as to the Oceanic Steamship Company was passed over by the Senate, and the bill was taken up. Mr. Allison said, however, that he expected to have final action on the bill to-morrow. It was expected that the Senate would not be in session on "Good Friday."

The Senate, at 5:30, adjourned until to-morrow.

## House of Representatives.

The House, in Committee of the Whole, today completed consideration of the sundry civil appropriation bill, with the exception of the provision for the Bureau of Engraving and Printing, which Mr. Bingham (Republican), of Pennsylvania, desires to amend. Before the bill shall be reported to the House there will be an hour's debate on the amendment.

Mr. Hanes (Republican), of Nebraska, upon the amendment making provision for Howard University (colored), of Washington. So it is among the strong bills finally disposed of until late to-morrow. The only material amendment made to the bill to-day, aside from the one relating to Howard University, was one directing the Secretary of War to expend \$200,000 at the military post at Fort Mifflin, Pa.

The discussion of the bill was interrupted several times by political interjections. Mr. Grover (Republican), of Ohio, charged the Wilson tariff law with being responsible for the condition of the Treasury, which forbade many necessary appropriations from being made. Mr. Patterson (Democrat), of Tennessee, replied, charging the onus of the present condition upon the Republican party, and the gentleman's particular champion, Mr. McKinley. In this matter, Mr. Patterson said in answer to a question, he appeared as the representative of the Administration of Grover Cleveland.

Mr. Hovers (Republican), of California, referring to the attack upon silver men, made yesterday, read a series of burlesque resolutions, declaring the silver Republicans dangerous cranks, who should be expelled. He asserted, with much heat, that the silver miners and mine-owners had a much better right to be represented on the floor of the House for the benefit of their interests as had manufacturers and bankers.

The House, at 5:30, adjourned until to-morrow.
